

# My Garden Plot

Spend time now reflecting on your relationship with God. Use the space below to map out how your garden is currently growing. Consider too, how you would like it to grow. Respond to the questions in each section with drawings and creative expressions. Start with the soil, move on to the plants, and end with the sky. Have fun, get out your art supplies, and let your creative spirit come alive!

## Soil

What kind of soil supports and sustains your relationship with God?

What particular practices, places, and people provide nourishment to your relationship with God?

## Plants

What kind of relationship with God do you hope to have?

What kind of fruits would you like your life to produce as a result of your relationship with God?

## Sky

How can you incorporate regular worship in your life?

What practices at church could help you grow in your relationship with God?
